

Multiple certifications

The *recycle it* GmbH is certified concerning:

- KrW-/AbfG as waste management facilities
- Electrical and Electronic Equipment Act
- DIN EN ISO 14001
- DIN EN ISO 9001 : 2015

For the data privacy: As part of the DIN EN ISO 14001 our waste management company is additionally audited/certified by the LGA Intercert to:

- mobile, or stationary data destruction of sensitive data and information on electronic media (for data media with normal protection requirements as well as in media with high protection requirements) by the Federal Data Protection Act
- Compliance with the specifications of the technical guideline BSI-TL03420-version 1.6
- Compliance of the international standards according to the DIN EN 15713
- Compliance with the new international guidelines of the new DIN 66399

IMPORTANT - please note the legal waste aspects:

Hard disk drives are electronical waste. Your service partner should be in any case a WEEE-certified recycling company, who is allowed to recycle, transport and dispose electronical waste. The necessary waste management code for hard disk drives which should be proved is AVV 160213*. Please check whether the certification of your potential service partner are available.

Also important: Your service partner must have an approval according to the [Bundesimmissionsschutzgesetz](#)

(§4 BImSchG). The

recycle it GmbH

has also, as one of the few service provider on the market, the necessary lawful approval.
